PREMIUM MOTORS

Toshiba's Premium motor series is available in open drip proof and totally enclosed fan cooled designs. Both designs take the energy efficiency found in the basic EPACT CT motor product to the next level. The Premium motor line encompasses popular motor features and delivers the quality design, performance, and reliability the motor industry has come to expect from Toshiba, all at a competitive price. The Premium motor series also exceeds the NEMA energy efficiency requirements as listed in NEMA MG1 Table 12-11.
