

Proactive Maintenance Services...

PDMA Technology ♦ Vibration Analysis ♦ Power Quality Analysis ♦ Infrared Thermography ♦ Dynamic Balancing ♦ Laser Alignment ♦ Circuit Breaker Testing

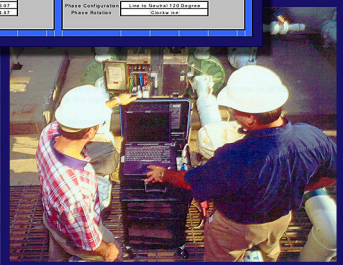

Seven Powerful Technologies

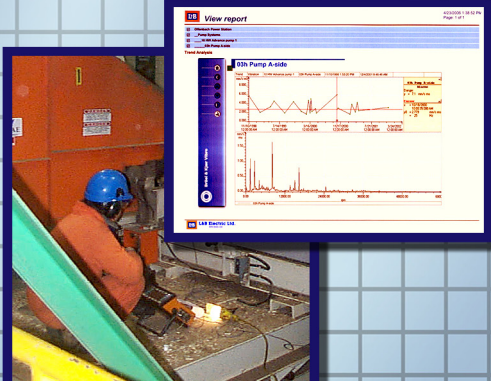

Seven powerful technologies from one service provider! All designed to maximize your equipment productivity and deliver the lowest life cycle cost.

- ⚡ Reduce Operating Costs
- ⚡ Lower Maintenance Costs
- ⚡ Increase System Reliability
- ⚡ Maximize Equipment Life
- ⚡ Increase Workplace Safety
- ⚡ Minimize Failure Liability
